

Present:

- AUS VP Academic
- AUS VP Finance
- ESA Councilor Rona Hunter
- Erin Sobat
- Dean of Arts Manfredi

Amount to allocate

- \$42,409 from students
- \$42,409 matched by Faculty of Arts
  - will be transferred near end of fiscal year in April
- Prior contributions raise total up to \$105,529.10

CAPS

- 3 applications
  - all 3 are reasonable and meet criteria
  - all approved at full amount

AIO (ARIA)

- NB: VP academic recluses himself from decision due to possible conflict of interest
- How much do they get from AUIF?
  - AUIF by-laws state they get 10% of AUIF, but doesn't specify how AIO can use it- it does not go to fund ARIA
- Amount ASEFC chooses to give is the difference between funding for expected number of awards and amount that donors give

OASIS

- Approved

AUS

- Would otherwise entirely come from AUS operating budget
  - As currently occurs
- Not approved
  - Does not create new positions
  - Some of proposed positions do not fit with ASEF criteria

SEDE

- Communicate that comes with strings attached
  - Hired positions must be AUS members

Lots of leftover funds

- Use for ARIA?

- Is in sentiments with the bylaws' criteria for employment
- Relationship with getting money from donors
  - At 15 positions, creates 1:1:1 relationship between University, Donors, and AUS
  - If AUS gives greater amounts it could create race to donate, ie. motivation for donors to contribute more
- ASEFC decides to fund 20 ARIA positions (\$40,000 of ASEF)
