- Ad Hoc Sustainability Committee
 - Doing research on what students want sustainability to look like at SSMU and on campus and will be implementing the concerns expressed afterwards.
- We Need SEDE!
 - Awesome news! We have made progress – Provost Masi has said that the planned cuts will not be happening, except the issue remains. This is because the funding that went into projects such as Community Engagement Day was project-specific and in that capacity, also a one-time funding opportunity. We are looking to secure this funding annually! Please e-mail me at external.aus@mail.mcgill.ca if you would like to take part in the last leg of this journey!

Muchas gracias!
