14 Additional Work Stations in the Arts Building (Counter Tops, High-back Stools, Electrical Outlets)

Organization: Faculty of Arts

Contact Name: Associate Dean Gillian Lane-Mercier

Contact Email: gillian.lane-mercier@mcgill.ca; **Tel:** x. 4428

Description:

The Faculty wishes to continue the positive trend of providing work stations for students in the Arts Building. The AUIF has, in the past, supported the installation of workplace/counter tops and swivel seat high-backed stools on the ground floor and on the 3rd floor of the Arts Building. There is presently seating for 14 on the ground floor outside the Subway restaurant, , four (4) outside Arts 265 on the 2nd Floor, four (4) on the third floor of Arts and and six (6) places in the West Wing outside West 125/West 130.

All locations are consistently busy. The ground floor has become one of the most popular places to sit and work for a brief time while eating, and the other places in Arts and Arts West as quiet places to work. There is still a need, as expressed by the AUS executive, for additional seating. We have found space.

We therefore request funding for 9 additional workplace/counter tops and swivel seat high-backed stools on the 2nd floor of Arts and in the West wing of the Arts Building. There is sufficient wall space to provide six (6) additional places on the second floor outside Arts 255 and three (3) places opposite Arts W-120.

Item 1: Counter Tops and High-back Stools

Price CAD \$ (taxes, delivery and installation included): \$6,835.26 (see attached estimates)

Item 2: Electrical Outlets

Price CAD \$ (taxes and installation included): \$ 3,764.00 (see attached estimate)

Item 3: Upgrade Lighting in Hallway

Price CAD \$ (taxes and installation included): \$ 5575.00 (see attached estimate)

Item 4: Removal of Lockers in Arts Next to 255

Price CAD \$ (taxes included): \$8228.00 (see attached estimate)

Total Cost: \$ 24, 402.26

FOAPAL: 151175-00021-700007-1000-000000-000000

How will these items prove to be beneficial to Arts students?

The additional countertops/stools and electrical outlets will provide students with much needed workstations in the Arts Building.

How will you ensure that the item is secure and well taken care of?

The counters are screwed into the wall and the stools are screwed into the floor.
