

Motion to Amend AUS Environmental Council (AUSec) By-Laws

Whereas, the AUSec By-Laws were last revised April 9th, 2014;

Whereas, there was confusion this year over which commissioner was responsible for social media outreach;

Whereas the Sustainability Commissioner should undertake sustainable research projects for AUSec;

Be it resolved that the AUSec By-Laws be amended as follows:

Article 4.1.1.1 be changed:

From: “4.1.1.1 Coordinate initiatives to improve the sustainability of AUS events, services, and operations, including but not limited to Frosh.”

To: “4.1.1.1 Coordinate and research initiatives to improve the sustainability of AUS events, services, and operations, including but not limited to Frosh.”

Add Article 4.1.3.4 :

“4.1.3.4 Be responsible for updating social media content such as (but not limited to) the AUSec Facebook page.”
