Report of the AUS VP Social Affairs, AUS Council November 18<sup>th</sup>, 2015

Frosh

- Faculty Internals met last week to talk about redistributing responsibilities between SSMU and faculties. We want the incoming SSMU VP Internal to be a part of this process and hope to meet with them toward the beginning of January once their term starts.
- We also came up with a lot of ideas as to how we could better organize the programming workgroup, which met intermittently over the summer to discuss Beach Day and the Frosh-wide concert. It is the will of the current VP Internals that each faculty will elect one representative from their committee to sit on the inter-faculty programming workgroup (selection process is at the discretion of the respective VP Internal). Once the members of the committee are established, they will distribute responsibilities among themselves so that one person is responsible for one aspect of programming throughout the entire summer. These suggestions are based on past experiences this summer, when sending different committee members to each programming meeting (instead of appointing one person) and not having defined sets of responsibilities led to confusion and certain tasks not being accomplished.
- These suggestions will be presented to the incoming VP Internals. While we understand and respect that ultimately it is their decision whether or not to implement these ideas, the current VP Internals want to stress that our proposed changes are based on past experiences, successes, and failures.

Bar des Arts

- Last week's BdA ran smoothly despite concerns about Hype Week.
- The last BdA this semester will be on December 3<sup>rd</sup>.
- For next semester's showcasing application, the managers would like to better define what "showcasing" means. Some organizations thought it meant that all BdA profits from that week would benefit their cause, but unfortunately that is not the case and we want to avoid any miscommunication in the future.

Event Planning and Involvement Committee

- Stache Dash is taking place this Friday the 20<sup>th</sup>!
- Sign up closes Tuesday evening, and team captains will receive an email on Wednesday which will include a reminder that if anyone is celiac or doesn't drink alcohol that they can be accommodated with advanced notice.

Respectfully submitted,

Christine Koppenaal  
Vice-President Social Affairs
