

Report of the Vice-President Communications, AUS Council February 24th, 2016

I. Committee Updates

A. Fine Arts Council

- Our Literary Fine Arts Representative held a storytelling event on Friday, February 19th in the Arts Lounge; the attendance was low, but everyone had a great time and we giggled until 10 PM!
- We're figuring out which acts will be featured in which rooms of the SSMU building, talking about potential decorations, and planning on releasing our Facebook event page by the end of this week; keep a lookout!

B. Francophone Commission

- French conversation circle is canceled on Wednesday, February 23rd due to midterms; conversation circles will return after reading week!
- Mondays and Wednesdays from 5:30 to 7:30 in the Arts Lounge (sometimes there are movies, sometimes there are food, *all the time* there is fun!)

C. Marketing Committee

- Coffee in Ferrier happened yesterday; special thanks to SNAX for providing the coffee!

D. Prof Talk Coordinators

- Due to difficulties with professors' schedules and the packed room bookings in Leacock and the Arts Building, we'll be having our next prof talk event in March

E. Technology Coordinators

- Working on getting in touch with the person who teaches the SSMU mini course on Excel to come teach a crash course for AUS
- The order for the charging station for the Arts Lounge is finally being placed!

II. Miscellaneous

A. AUS/SUS Grad Ball

- To councilor Lexi Michaud,
Roses are red,
Violets are blue,
I would be elated,
To go to Grad Ball with you

Respectfully submitted,

Elaine Patterson
Vice-President Communications
