Report of Computer Science Undergraduate Society, AUS Council 19-10-2016

- We are arranging a Lab Hop, in which students will be able to take a tour of different CS labs and professors and graduate students will be attending to present their work and answer questions. This event will be in early November – registration will open 2 weeks beforehand.
- Our clothing sale is on until the 19th of October. CS students can try on samples and make payments during our office hours on Tuesday and Wednesday from 10:30-4:30.
- The VP Arts has been in discussions with both the Arts and Science internship officers to create an internship program that fits the Arts requirements while allowing Arts CS students (and students of other programs) to pursue long-term internships and have an 'Internship option' clause added to their degree (which is the same program that Science offers).
- We are holding two midterms reviews: COMP 206 on October 21st from 6:00-8:00PM, and COMP 202 on October 28th 6:00-8:00PM. These review sessions will cost \$10.

CSUS council meetings are every Thursday, from 5:30-7PM at room 5015 in Trottier.

Respectfully Submitted,

Ayesha Krishnamurthy
Vice-President Arts, CSUS
