

## Report of the President to Council, October 5th, 2016

*EP Drops October 19*

### Meeting with DPSLL:

- Erik and I met with the DPSLL a few weeks ago to catch up on our MOA: the letter of permission for SNAX is supposed to automatically be internalized into the MOA as long as we keep up with food and safety checks. I subsequently met with Eilis, the SNAX manager, and she is being very careful to keep SNAX up to date.

### Committees

- Leacock's: hired two editors in chief who seem really enthusiastic about the project
  - Interviewing for other positions Thursday and Friday
  - Aiming for a launch the second week of November, but online versions will be available before that
- CBRC: We had a really long meeting for CBRC to look over various departmental constitutions, as well as proposed by law changes. It was our first meeting of the year and it went really well!
- Meeting with ACLFC on October 14
- Meeting with AIOAC on October 11<sup>th</sup>
- Equity: Equity Commissioners conducted interviews for membership in the Equity committee.
- Had an AMAZING meeting with MHAUS – Our expo is going to be October 12<sup>th</sup> in Lev Bukhman, and is going to showcase different resources available for mental health on and off campus. The commissioners met with OASIS about collaborating on Arts Health and Wellness week, and we have been making plans to start a mental health video series
- Faculty of Arts committee happened and we met a bunch of new hires in Arts. As well they informed us that there is going to be construction in the Leacock basement starting as soon as the other construction is finished... so that is not going to be fun
- Sat in on an FMC meeting, we went through funding proposals
