

Report of the President to Council, March 22, 2017

Committees

- Leacock's: Most recent hard copy is being delivered this week! Had a samosa sells to raise money to cover some of the cost of the printing.
- CBRC: Looking over some constitutions online. Jewish Studies is planning to reinstate itself next council.
- Elections: Dept elections happening. If you have questions feel free to reach out to me or Narmada
- Next President's Roundtable will be Friday April 7th at 1pm

HR

- Hiring is underway. Applications close Friday and interviews will run over the following 2-3 weeks. HR Policy completed, intend to move it at next council.

Transition

- Transition on Saturday Morning. Have been meeting with Erik and various members of the new executive about next year. Prepared letters of direction to transfer signing authority at the beginning of May.
- Meeting with various staff and volunteers to collect feedback on how to improve their working experience for next year. In particular, focusing on improving the role of student executive assistant.

Lounge and Space

- Finally ordered the couches that we approved at last year's AUIF. Been trying to figure out how to remove furniture and seeing who needs it. Planning on moving some left over couches to LLC lounge (as soon as we have booked movers).
- New pool table (sick) donated the old one to MUSA
- Following up with budget about Leacock Space Project

AUIF

- Taking over logistical work regarding AUIF.
- In process of mailing out allocations, collecting FOAPALS and Client IDS, and making orders.
- Have requested that the Dean agree to allow the AUS to convene an e-vote to secure funding for Leacock Space Project. Did not apply by original deadline because the faculty had not yet pledged its commitment.

Finance

- Scheduling the audit (last week of May)
- Planning budget reconciliation with the bookkeeper and assistants
- Trying to sort out residual financial confusion

Respectfully Submitted,

Beck Goldberg
President
