Description

The Menstrual Hygiene Products Coordinator will be responsible for collecting data of stock of menstrual hygiene products in various buildings in the Downtown Campus and report back to the General Manager throughout the week. This position will also provide the necessary stockage in each building's **female bathrooms** to ensure that no product is missing.

RESPONSIBILITIES:

1. Analyze and get familiar with the buildings of faculties around the Downtown Campus which are included in the delivery and data collection of the menstrual hygiene products;
 2. Transport and deliver the menstrual hygiene products to appropriate spaces in each building;
 3. Collect the accurate data for each bathroom's quantity of the menstrual hygiene products, and how much should be delivered the following time;
 4. Follow up with suppliers of the menstrual hygiene products and submit the appropriate quantities to be ordered, which should be reviewed with the General Manager in advance;
- the problem was in the [Motion regarding the free menstrual hygiene products policy](#) section 5.1.2 outlined that menstrual hygiene products would be dispensed specifically at "the two gender neutral washrooms in the SSMU building" but was not limited to the two. A constituent highlighted the job posting was exclusionary in nature as it did not take into account gender nonconforming individuals and very much bolstered the gender binary. VP Earle said that, that it was a mistake in the posting and that someone had been hired for the role. Currently, menstrual hygiene products are available in all bathrooms in the SSMU building except for the mens bathrooms by Gerts.
 - At the meeting the following motions were passed
 - [Motion Regarding the Proposed Bike Centre Facility 2017-10-19 – FOR APPROVAL](#)
 - [Motion to Approve the Creation of a Stand-Alone Francophone Affairs Committee 2017-10-19 – FOR APPROVAL](#)
 - the AVEQ motion has been tabled to next semester
 - General Assembly is at 5:30pm in the 3rd floor SSMU ballroom on Monday.
