

Motion to Amend the Quorum for General Assembly

Whereas, the AUS has rarely held GAs in the past, largely as a result of the high barrier to reaching quorum;

Whereas, the AUS has a quorum level currently higher than that of the SSMU;

Whereas, the AUS is approximately 1/3rd the size of the SSMU;

Whereas, general assemblies provide a method of governance coming directly from Arts students;

Whereas, if this question were to pass, the AUS would ideally hold a general assembly in the coming winter semester;

Do you agree with the following change to the AUS Constitution?

17.2 A General Assembly shall be convened by the Speaker of Council, either at the request of eight (8) councilors or by a request signed by at least ~~200~~ **60** members of the AUS.

17.3 At least five (5) days public notice must be given for a General Assembly.

17.4 Quorum for a General Assembly shall be ~~one hundred and fifty (150)~~ **(75)** members of the AUS.

17.4.1 Quorum to pass a resolution in regards to an AUS student strike or boycott shall be five hundred (500) members of the AUS.
