

Motion to Approve Revised AUS Budget

Whereas, AUS Legislative Council approved the AUS Budget on October 25th, 2017;

Whereas, at the end of the previous semester AUS funding increased as a result of increased fees;

Whereas, these changes reflect those as suggested by Council two weeks ago plus additional proposals;

Whereas, FMC funding would be reduced in accordance with the proposed motion to amend the Financial By-Laws;

Whereas, this budget proposes a slight surplus still, and is likely to be more accurate than the fall version considering that we are well past halfway through the fiscal year;

Be it resolved, that AUS Legislative Council approve the revised AUS budget as attached in Appendix A.

Erik Partridge, AUS President
