

## **VP Academic Report – 1/10/18**

### **Arts Student Employment Fund**

- Amendments to two approved allocations
- Both profs had received funding from the AUS in their first year, before the program was stopped, and were unaware

### **Peer Tutoring**

- All tutors from Fall 2017 should have received checks – if they didn't get them in the mail, they should be in their hanging folders in the AUS Office
- Departmental funding applications for Winter 2018 should have gone out earlier this week
- Please see the attached Fact Sheet for assistance

### **Essay Centre**

- Hired new External Coordinator Lien Shi (previous coord is now on exchange)

### **Project – Waitlists**

- Met with Lucy, Enrolment Services, to discuss implementation options for waitlist universalization
- Honestly pretty disheartening meeting – but it appears that SOCI will use them next semester, and Lucy will encourage chairs to consider

### **Project – Curricula Review**

- Currently working with PSSA to increase the number of 200-level courses for the Major program from 5 to 6
- Please tell your VP Academics to review their department's curricula (honours, major, minor, etc) and contact me if there is anything they would like to change!

Respectfully Submitted,

Madeline Wilson

AUS VP Academic
