

Report of the Gender, Sexuality, Feminist, and Social Justice Studies Students' Association
10 January 2018

Constitution

- We plan on beginning the process to amend the constitution within the next 2-3 weeks. We had hoped to begin earlier, but were understandably stalled due to exams.

Miscellaneous

- We have been having discussions regarding precarity in the IGFS and at McGill, especially with the incredible faculty we are fortunate to have here. We are drafting and envisioning approaches to work towards both plausible short-term and radical long-term solutions at McGill. We will offer more updates soon as these discussions evolve, while respecting the privacy of those we are speaking with.
- We have created a Facebook group "GSFS at McGill" for GSFS students, and people enrolled in any GSFS classes or interested in GSFS.
- We have access to the email and Facebook pages for the WSSA now. Any emails can now be sent to: gsfssa.aus@mail.mcgill.ca
- The dates for this semester's meetings will be decided at our first meeting (i.e. within a week or so), as per our constitution.

Respectfully Submitted,
