

Motion to Integrate the By-Laws for the Commuter Support and Engagement Committee

Whereas, the Commuter Support and Engagement Committee (CSEC) was struck as an ad hoc committee by Legislative Council on September 27th, 2017;

Whereas, the CSEC was struck under the Vice-President Academic portfolio but best matches the mandate of the Vice-President External portfolio;

Whereas, the CSEC has successfully operated since its creation;

Whereas, there currently exists no other forum within the Arts Undergraduate Society designed specifically to advocate for off campus and commuter students;

Whereas, the attached by-laws were amended according to recommendations made by the Constitution and By-Law Review Committee (CBRC);

Be it Resolved that the AUS Legislative Council approve the integration of the Commuter Support and Engagement Committee By-Laws in Appendix G.
