

Report of East Asian Studies Students' Association

November Affairs

- **Voting Procedures**
 - VP Finance Kevin attended the workshop and has updated the entire team on procedures
 - We will be passing to the Legislative Council amendments to our constitution for November 28th
 - We'll be making the same modifications to kits as last year
 - We have agreed to make Exit Reports for all offices
- **Constitution Revision**
 - The executive board has voted to strike article 10, 18.6 and parts of article 14.8
 - We have voted to amend article 6.7, 7.8.8, 11.5.1 and 11.7
- **Fundraising**
 - Our Samosa Sale on November 15 went really well, sold out all our 300 samosas by 2pm and we made around 70\$
 - VP Event is already booking dates for next semester
- **Merch**
 - We had to extend payment time and do a last-minute new order as we heard an extra 12 people did not know about it and wanted sweaters
 - Almost all payments have been received through interact for sweaters and stickers, we will most likely have ordered by the time of the Legislative Council
- **Speaker Series**
 - One of our speakers had to cancel their presentation but everything was fine with the remaining 4
 - We advertised to as many people within the department and on Eventbrite
 - Around 30 people attended the event and all of them stayed until the end even though it went beyond expected end time
 - We already had a discussion on strength and weaknesses regarding the event
 - We will be discussing future events on our last meeting on November 29th

Respectfully Submitted,

Rin Astrou, VP External
