

Report of the German Students Association (Oct 17th)

Present

- Stammtisch is still running solid (about ten people last Thursday despite midterm season, yay ^^)
- Our exec team welcomes 4 new members, we're really excited about having a bigger team!
- Recruited peer tutor, office hours starting soon.

Projects

- I have showed up to Concordia's Stammtisch, we will hopefully make an event together. ☺
- We're taking part in an apartment crawl in collaboration with the Italian and Hispanic Studies associations, happening on November 9th.
- Starting up a viewing of Babylon Berlin (german series) next Monday.
- Looking for editors for our department journal Vielfalt
- More concrete projects have to be set in stone in the subsequent meetings.

Others

- Given the new interest of people with German background (rather than studying German), we're thinking about trying to broaden our activities to include them a bit better.

Respectfully Submitted,

MARTIN CROQUEZ
