CSUS Report to the AUS

On this day of February 10, 2019 the CSUS Reports the Following:

- 1) Our valentine's day mixer was a success
 - a. It was titled "Date My Friend.pptx" where people made powerpoints about why you should date their friend and presented them at BDP!
 - b. Over 80+ people showed up and we maxed out in pitchers 30 minutes in
- 2) We had a wine and cheese which was interrupted by the Fac-O Scunt item titled "wine boat race at a mcgill wine and cheese" so the wine ran out very quickly
- 3) We are gearing up for our new workshops such as Coveo and Blackrock
- 4) We are looking forward to election time for the AUS and CSUS
- 5) We are planning our Awkward Mixer with the departments of Cog Sci, Math, Physics, and Integrative Bio for March.
- 6) We have initiatives for a new equitea reading group for CS students
- 7) We are starting our clothing drive very soon
- 8) We have decided to decorate our lounge so more CS students feel comfortable as we share it with the ECSE department in Trottier.
- 9) We are excited to plan more fun events and have distributed a feedback form recently.

Thanks!

Ananya Vijay
