

## **Motion to Amend the AUS Constitution to Create the VP Services Role via Referendum**

**Whereas**, over the years the AUS has seen increases in burnout and overburdened labor amongst its executive,

**Whereas**, there are particular portfolios that have significantly higher workloads than others,

**Whereas**, the lounge and table bookings have in the past been loosely administered among the VP Internal, President, and AUS assistants,

**Whereas**, the creation of a VP Services position would not only create lighter workloads, but also the possibility to match the growth of the society and offer new services,

**Be it resolved**, that AUS Council send the following question to referendum in the Spring period:

**Be it further resolved**, that if this should pass during referendum an appointment by council would occur to fill the position. Should no one decide to run via council appointment, a by-election would occur at the start of the semester in September.
