

Report of East Asian Studies Students' Association

March 2019 Affairs

- Events
 - Speaker Series
 - Cancelled due to room booking issues, it's too last minute to contact speakers and after thoughtful consideration and talk, we decided that it'd be too late in the month of April and people wouldn't have time to come
 - Networking Event
 - Our room for Birks 100 was confirmed but for Friday April 5th, 3-5pm instead
 - We've decided, since we're not doing the Speaker Series, to have a panel of speakers for the first hour answering questions about the post BA life
 - We've sent out requests and invitation, so far we have 2 out of 3 speakers confirmed
 - We'll be sending out more invitations this week to some other industry people as well as graduates and individually invite Honors students
 - Our FB event page is up
- Departmental Meeting
 - Still waiting after Gal for a meeting (honestly, I have personally given up on this happening, but miracles happen.....)
- IEASN
 - We opened applications for VP Coms and VP Administration and are looking forward applicants
 - 10 people have applied for mentorship so far, which was around the number of students our current resources *can* mentor
 - Email to be sent soon to confirm to applicants that they have been selected
 - Pairings will be done, will give a few more days for last minute applications
 - Mentors will be contacted once pairings are done

- Merchandise
 - Everyone has picked up their ordered sweaters and stickers following our office hours this past week
 - Still waiting for news about the missing 2 quarter zips for VP Finance and VP Coms
- Elections
 - Is happening and the submissions from candidate has been relayed to the CRO (#hype)

Respectfully Submitted,

Rin Astrou, VP External
