Report to AUS Legislative Council April 3rd, 2019

Building Closure

This has been taking up most of my time as I have been liaising with you guys as well as admin. Right now, just sending them a contract of our demands with everything. That being said, if you need something, do not hesitate to ask as I will still send it forward. Right now, we just need to find space for the groups on the first floor and move the lounge.

Projects

Met with the POC Commissioners, we are going to try and get a video done before the end of the year to promote awareness of racism at McGill.

Transition

I am currently just preparing a file for everything Jamal will need next year such as my exit report, the files to transfer him over to the bank etc. I wish him the best.

Miscellaneous

- Went to an ASEF meeting with Chloe, Mia and the incoming VP Finance, Stefan
- Made a bunch of student lists for elections
 - If you need one, let me know

Respectfully and for the last time submitted,

Maria Thomas, AUS President
