

## Events

- The HSA hosted a “Welcome Back Cafe” on Thursday, September 15, offering an opportunity for many new members of the department to become acquainted.
- The HSA will hosted a widely attended Wine & Cheese event for the McGill History community on September 24! All of our stock was completely exhausted and the event was successful.
- Keep an eye out for other October events, including our Trivia Night on October 10th at BDP and our recurring “Haunted Histories” series on October 28!

## Goals and Current Projects

- The HSA is currently working on revitalizing its website to be more accessible and useful to students. It is a work in progress!
- The listserv is now up and running; the HSA is currently in the process of attempting to fix holes and gaps within the mailing list.
- Applications for First Year Representative have closed. Selected candidates will undergo an interview process throughout the week; we hope to have successfully added the FYR by next week.
- The HSA endorsed the Climate Strike which took place this last Friday, and sent out a letter of demand to all professors urging them to cancel class, excuse absences, and make accommodations.
- The HSA is working to assure our seat on the History Departmental Curriculum and Arts Library Improvement Fund committees.

Respectfully submitted,

Dalton Liggett  
VP External
