Projects

- The GSA is still searching for an Oktoberfest to attend (suitable price and distance). We intend to have one found by the 29th.
- We have opened applications for VP Internal, VP Events Coordinator, and VP Special Projects and are still recruiting
- Our Wine & Cheese is tentatively planned for the 20th of November. We have secured one professor to speak at the event and are considering searching for another.
- Our first samosa sale is still in the works.
- We are still reaching out for submissions to the German Undergraduate Studies Journal (*Vielfalt*) in preparation for its 2019 release.
- We are still workshopping an apartment crawl in which the GSA would host a German themed stop (similar to last year's).
- We are exploring the idea of a Trivia Night during the Winter Semester

Respectfully Submitted,
