

**Report for the Russian Undergraduate Students Association (RUSS)
Submitted March 8th 2021**

Russian Help Desk, Russian Movie Nights, and Conversation Club have resumed this semester as they functioned last semester.

We are also continuing our Tandem program, where McGill students are matched with St. Petersburg State University students. Students have been matched and are starting to mingle with their new Russian friends.

Work on the Russian Undergraduate Journal is underway, and is set to publish digitally this year as per usual. The application for submissions will remain open until mid-March.

We are trying to increase our media presence by starting fun little Facebook posts like “quotes of the week”, Russian Valentine’s and advertisements for our Spotify account.

Respectfully submitted,
Kim Lefort, VP External of RUSS
