

## Motion to Amend Financial By-Laws

**Whereas**, the financial by-laws were amended last year after the previous Vice-President Finance had decided not to follow the financial by-laws;

**Whereas**, like all other funding sources, FMC allocations should be subject to Council approval;

**Whereas**, the present way of Council approval is odd in that it requires Council to explicitly reject something, and procedurally out of order according to Roberts Rules;

**Whereas**, Council has used the right to decline an FMC allocation recently;

**Be it resolved**, that AUS Legislative Council amend the Financial By-Laws as follows:

10.7 All decisions made by the FMC must be ~~reported to Council by the AUS Vice-President Finance at the first meeting following FMC's decision.~~ **ratified by majority vote of AUS Legislative Council.**

~~10.7.1 The decisions made by FMC shall be deemed to be approved by Council unless Council explicitly rejects them by majority vote.~~

Moved by,

Erik Partridge, AUS President  
Isabella Anderson, Arts Senator  
Kevin Zhou, Arts Representative to SSMU
