

Report of the History Students' Association

RECAP

- Research essay skills workshop was held February 8th.
- The Valentine's Day lecture series (jointly run with the CSA) on February 12 was lovely, we had great turnout despite mostly last-minute promotion. Prof. Moore played guitar and sang us an old folk song which was magical.

INITIATIVES

- Sweater order form went out in our last listserv and we plan to accept orders and payment until March 2. There are 2 different designs available this year.
- We are still adding more content to our U1/Beginner History guide to be released in the next few weeks.
- Our History book catalogue/lending library has launched and is now available to students during office hours.

EVENTS

- We have a History movie night tentatively planned for February 28th and have a poll in our Facebook group to determine by popular vote what to watch.
- We are in the early stages of planning our second historical trivia night and a research brunch for sometime in March.
- Many students have approached us this year looking for opportunities to get involved and meet more History students, so we are thinking about having a few casual events with food with an aim more for socialization before the end of the semester.

Respectfully Submitted,

Rachel Almuli
