

Report of the Economics Students Association (ESA) on November 14th, 2018

Economics Students Association (ESA) Business

- On Tuesday, November 13th, the ESA will have hosted the Professor Wine & Cheese. Based on interest from students and professors, we expect this to be an event that is more successful than a monopoly earning profits.
- The ESA collaborated with the ESS of Concordia to host an Economics Case Competition on November 10th. The Competition endowed economics students with the ability to apply their theories of economics to real world problems.
- ESA's *Helpdesk*, a startup program, will provide economics students with peer tutoring for key Honours and Majors courses. The *Helpdesk* will be available to students from 5:30 pm until 8:00 pm on November 12th, 19th, 21st, 26th, 28th, and December 3rd. It is expected that by providing this service, we will help increase the growth rate of learning in our classrooms.
- Economics students can participate in the *Inter-University Economics Tournament of 2018* as a McGill team. This tournament is a simulation of economic behavior. Registration is possible until November 19th.

Respectfully Submitted,

Andrew R. Chase

VP External, Economics Students Association
